

## INDICO SYSTEMS – *Indico Interview Assessment Tool*

The *Indico Interview Assessment Tool* from Indico Systems is the result of a long collaboration with Dr Andy Griffiths and his methods of evaluating the interview process.

The Griffiths Question Map (GQM™) is a completely unique method of analyzing interview skills and has been used across the world in both training and case review situations.

The Indico Interview Assessment Tool: the digital GQM™!

### FEATURES:

- Easy to use
- Multiple file format support
- Perfect integration to your business workflow of digital interviewing
